

Safe in our hands

SECURITY

Working together for better security

An Award-Winning Company 2022 & 2023

SIA (ACS) Pacesetter

© SAS MANAGED SERVICES LTD 2024 – V1

Who are SAS Managed Services Ltd?

WE ARE A PROFESSIONAL COMPANY WITHIN THE SECURITY, FILM SET AND EVENT MANAGEMENT INDUSTRY (EST 2017)

Our strategic input can add value at the highest level, while our practical management expertise can save you money and maximize your returns.

At the same time, it's not just what we do, but how we do it that makes us different. Our people are passionate about what they do, committed to working in partnership with their clients, and always look for a fresh answer to a new challenge.

We work with our clients in three ways; some take advantage of our whole range of expertise; others may only need one aspect of what we do;

Strategy and consultancy

Project management operative

Services

In other words, **we think, we manage, and we deliver.**

thinking – managing - delivering

There's a lot more to SAS Managed Services Ltd than you probably think. Yes, we are a young company but a company with ambitions.

Our clients want to work with us, our commitment is that we will always go that extra mile.

Our success is built on **thinking strategically, operating responsibly, and working in partnership** with our customers.

Our vision is:

to be your first choice for security, door supervision and event management. We strive to provide our clients with highly qualified professional staff so that we can continue to grow and expand our business by maintaining a culture that recognises and rewards innovation through our commitment to excellence.

Our mission is:

to deliver a customized, professional security, door supervision and event management solution. Demonstrating responsiveness, diligence, and professionalism on our promises and give a dedicated delivery of service to our clients by investing in and showing respect for our colleagues.

THE BEST AT WHAT WE DO

SUCCESSFUL SECURITY SOLUTIONS DELIVERED THROUGH MOTIVATED PEOPLE

Partnership is important to us, and it's only by working alongside you that we get a real understanding of your business, your priorities, and your security requirements. This helps us to put together a package that does exactly what you need, in the most cost-effective way. We understand the value of flexibility and make your peace of mind our priority. Our customers come first with us, and we know how important it is that your security team look polished and professional in front of your people and your customers. That's why we make sure you always have:

A security team experienced in dealing with your Particular environment.

A cost-effective way to keep your property and people safe.

A dedicated person to look after your contract.

SAS Managed Services Ltd has the expertise, knowledge, and resources to offer a wide range of security services, delivering bespoke solutions that combine manpower and management support.

Our service can range from a simple front of house reception presence, full festival manning, private events to 24-hour security patrolled service.

Whatever your requirements, we take full responsibility for safeguarding your assets, meaning you'll never have to worry about security again.

Event Management

What we do and how we're committed to doing it for you...

24-hour coverage, service and support at a local level

Event or Festival security is a must have requirement in today's major event environment and we have a team of industry leaders with expertise in planning and delivering major event security programmes. We work closely with event organisers and government stakeholders to define a comprehensive venue security strategy, scope and delivery solution for your event. We combine our unique experience in the security sector with hands on event operational experience to assist event organisers plan for physical security systems requirements and event safety.

How we deliver Event and Festival Security and Safety

At SAS Managed Services Ltd we have a team of experts, including experienced project and cost managers, with vast experience in all the critical facets of security & safety at major international events, from event security infrastructure, through to spectator safety management and overall health and safety.

Our team has a proven understanding of the total event landscape, which provides us with a unique understanding of how the security and safety function impacts other functional area operations. It is this experience which enables us to offer a wide range of event security & safety services from completing initial strategic security reviews to developing full turnkey security infrastructure solutions for an event or festival.

Our Commitment to Quality

A commitment to the highest standards of quality assurance underlines everything that we do

Door Supervision & Film Set Security

We provide professional, trained Door Supervisors who are experienced in delivering and implementing your requirements to a high standard.

As a Specialist in Door Supervision and Film Set Security, SAS-MS offers highly trained, skilled and high calibre Professional Door Supervisors for your Venue or Event.

Our Professional SIA Licenced Door Supervisors are well-known for their positive and outgoing attitude, flexibility and reliability, high standard of personal presentation, excellent written and verbal communication skills, and high-level experience in search procedures and customer-facing role.

The following are included as part of the roles and responsibilities of our Door Supervisors.

Facilitate the smooth running and operation of the venue.

Control ingress and egress of the venue and all exits.

To maintain the venue and site search policy, professionally and politely.

To ensure that patrons have a positive experience in a safe environment.

Dealing with patrons that are intoxicated or under the influence of drink and drugs.

From prep to strike our experienced operatives organised and manage the smallest to the largest of unit bases. Enabling the core of your production to run smoothly.

We are used to working on several productions with multiple locations running simultaneously. Issues that this can throw up, are managed swiftly and efficiently – good communication and planning is key.

Keeping the privacy and integrity of the production in the forefront, we work closely with your production team to ensure a safe, secure and hazard free working environment.

Remote Area Security

We believe the skillsets possessed by SAS-MS are geared toward the challenging environment that rural businesses operate in

Crime happens in rural areas as well as the towns and cities and it can have a significant effect on the farming community. Rural Crime is any crime that affects those living, working or visiting rural areas.

It covers a wide range of crimes but includes theft of machinery, vehicles, heating oil, metal, diesel and pesticides. Thieves are known to target high-value agricultural equipment and many top-of-the-range stolen vehicles are also stolen to order.

Rural crime is not limited to farm crime. It can involve crimes against property, crimes of violence, domestic violence, child abuse, trafficking and hate crimes. These all take place in rural communities.

Serious and organised crime groups are often linked to rural, heritage and wildlife crime particularly in relation to theft of agricultural machinery, hare-coursing and cannabis cultivation.

Protecting large remote locations is not typical of any other form of security.

That's because in rural locations with large open areas criminals have a much safer haven to carry out their operations. Even if your installation has video facilities, trespassers know they have the time to elude static cameras and reach their targets.

They know too that if an alarm is raised then the longer response time for police or offsite security gives them every opportunity to get away. With SAS Managed Services Limited Remote Area Security teams on the ground that won't happen. We will protect your property, installations, plant machinery, equipment and employees.

On site and in sight.

SAS Managed Services Ltd can provide 24-hour protection no matter how remote the location.

Mobile Patrol & Void Property Inspections

Secure your business with Mobile Patrol

Our Mobile Patrol personnel are trained to respond to residential and commercial alarm activations as well as perform set mobile patrol tasks such as the implementation of complete bed down and unlocking procedures on both residential and commercial properties and to respond to emergency situations whilst on duty.

Theft is not the only security threat your business faces today. Staff safety, vandalism, damage to machinery and equipment can have a devastating effect on your business and day to day operations.

Our Mobile Patrol Service is a cost-effective solution for protecting your business

Your void property is vulnerable.

Squatters, Vandalism. Fire. Theft. SAS-MS has experience in protecting vacant property, SAS-MS has the knowledge, resources, and equipment to deliver the most suitable and cost-effective security solution for your vacant property.

All types of void property make an easy target for criminals, and with good reason. Unless protected it provides shelter, seclusion, and even rich pickings. Whatever security challenge you face with vacant properties; we have a range of solutions to keep your property safe, secure, and protected.

Eviction Service

We are an Affordable and Effective Eviction Company

Our eviction service comes backed up by our team of experienced eviction specialists whose expertise is second to none.

We provide a service that is tailored to your individual needs as we know only too well that everyone is different as are the circumstances you may find yourself in.

When you use our eviction service you may find that you save both time and money as our business model allows us to begin work within 24 hours of receiving payment.

Training to be the best.

- First Aid at Work.

Training to be the best.

Training and Development

Developing leadership and management is a big part of our training strategy, and key to the ongoing success of our business. We have a range of courses to help our managers inspire their people. Development is always a priority, and we make sure our managers put time and resources into coaching and mentoring as well as the development of individual training plans.

There are courses for everyone, delivered by our dedicated team of trainers.

Our security officer training programmes are run by professionals who combine exceptional presentation skills with practical Experience.

What's more, because we understand that every customer's needs different, we'll develop bespoke training courses that suit you and the requirements of the sites our people work on.

Resilience, Security, and Risk

We help businesses build resilience, and protect people, property, and operations.

We provide trusted security and resilience advice to private and public sector clients worldwide. We help organisations understand their exposure to threats and make better informed responses.

Our services include strategic risk management, technical risk assessment, operational planning, security surveying and counter-terrorism measures. SAS-MS has a long history in the protective design of buildings and infrastructure. By merging that expertise with real-world operations planning experience, we develop strategies that manage risk throughout the life of a project, programme or organization.

Security Consultants.
Leaving no stone
unturned

Investigation

Choosing an investigator is a difficult process, particularly in the UK where licensing is yet to be introduced.

SAS Managed Services Limited is justly proud of its security background. Our operatives have been recruited from the Police, Military, and other specialist roles where their integrity is beyond doubt and their security status has already been established over a long period of time.

SAS-MS has set the standard in compliance to legislation and codes of practice, which its operatives have long complied with in the more regulated world of law enforcement. It is for this reason that we are confident that we will provide a confidential service of the very highest quality.

SAS-MS is registered under the Data Protection Act 2018 and our operatives are registered under the Security Industry Authority

SAS Managed Services Ltd is an SIA Approved Contractor for the provision of Security Guarding and Door Supervision. The Private Security Act 2001 requires the SIA to establish “a system of inspection for providers of security services, under which those organisations who satisfactorily meet the agreed standards may be registered for approval.

These companies, both national and regional, have proved they are market leaders in the security guarding industry and are therefore capable of providing an excellent standard of service to their clients and a high degree of care for their employees.

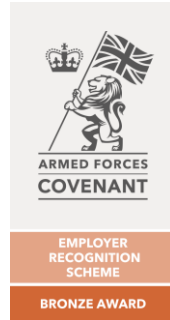

National Security Inspectorate (NSI) approval is the hallmark of excellence for providers of security and fire safety.

Working to international and British Standards and NSI codes of practice.

As a company, we take great pride in being part of this project. The training was developed in a ground-breaking partnership between Counter-Terrorism Policing and a large retail company. The training covers topics on how to spot the signs of suspicious behaviour and what to do if an attack should take place.

SAS Managed Services has signed up to the Armed Forces Covenant. The Armed Forces Covenant is a promise from the nation that those who serve or have served in the armed forces, and their families, are treated fairly. We currently hold Bronze Award Status.

SAS Managed Services Limited is registered and certified by ICO. The Data Protection Act 1998 requires every organisation that processes personal information to register with the Information Commissioner's Office (ICO), unless they are exempt. Failure to do so is a criminal offence.

SAS managed Services Limited wholeheartedly embraces and supports the principle of Equal Opportunities and Disability in employment and training and opposes all forms of unlawful or unfair discrimination on the grounds of colour, race, nationality, gender, ethnic origin, marital status, religion or disability.

We will make every effort to ensure that individuals are treated equally and fairly, and that recruitment, promotion and training decisions are based solely on objective and job-related criteria. A full Equal Opportunities policy is available on request.
